

## Fashion and technology. Simple

Now we can say it. If you are cold, it is because you want to.

# HOW TO USE YOUR BESTON

---

- 1** Connect the charged battery to the pocket cable.
- 2** Press and hold one of the two buttons for 2 seconds, the light will blink until it reaches the maximum temperature.
- 3** When it stops blinking, with a single click you can adjust the temperature level and heat zones.

## Clothing care

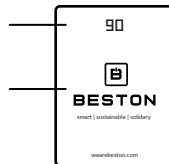

You can wash your Beston, of course. But do it if necessary, and remember to remove the battery and close the pocket. We recommend hand washing.

## Battery

Charge percentage indicator

The Beston battery provides 5V power and 5,000 mA.
